

14 January 1964

MEMORANDUM FOR THE RECORD

SUBJECT: Ways and Means Committee Consideration of Agency Retirement  
Bill Tax Provision

1. Discussed today with Mr. John Martin, Assistant Counsel, House Ways and Means Committee Staff, Ways and Means Committee schedule of our retirement tax proposal. Mr. Martin indicated that hearings would be conducted starting the 20th on the MEDICARE bill and that possibly upon conclusion of those hearings the Chairman might be scheduling a meeting of the Committee for the establishment of an agenda which might include the miscellaneous items pending before the Committee, one of which is the Central Intelligence Agency retirement matter.

2. Once again Mr. Martin indicated that he would be pleased to keep the undersigned up to date on Committee scheduling of legislation, and it is the undersigned's judgment that any further contacts with the Chairman on the subject of scheduling our legislation would be counter-productive pending such time as the Committee is able to schedule miscellaneous legislation for consideration.
